Testing Override & Proctor Lockout: Approved double-time accommodations under Title III ADA (42 U.S.C. § 12189) were overridden during high-stakes proctored nursing exams, causing systemic lockouts.

Unlawful Dismissal Sequence: On September 9, 2026, Student Services summarily dismissed the scholar while an Incomplete ("I") grade appeal was pending, simultaneously as Disability Services dispatched binding accommodation notices.

Evidentiary Exhibits: Exhibit A (Safety Matrix), Exhibit B (Dismissal Timeline), Exhibit C (FERPA Breach Flow), Exhibit E (Non-Response Ledger).

Statutory Authorities: Title III ADA § 12189; Section 504 (34 C.F.R. § 104.44); FERPA (34 C.F.R. § 99.32).

CONFERRAL PATH

3 Courses Remaining (10 Credits) · Conferral May 2027

Equivalency Mapping: 7 graduate courses (NU 780, NSG 660, NU 730, NU 725, NSG 524, NSG 633, PSY 624) satisfy 68% of the MS-HHS requirement based on published catalog descriptions.

Withheld Credit Evaluation: The University completed an official transfer evaluation on September 14, 2026, but withheld it from transmission to block transition.

Actionable Resolution: Immediate registration in HH 620 (Nov 2026), HH 690 Capstone (Jan 2027), and HH 630 (Mar 2027) leading to May 2027 graduation.

Institutional Documents: Sept 2026 Graduate Catalog; Degree Audit (Wright, 2026d); Context Files 1 & 2.

PILLAR 3: STRUCTURAL & CIVIL RIGHTS

RACIAL EQUITY META-ANALYSIS

Marketing Exploitation, Attrition Gaps & Healthcare Disparities

RECRUITING OPTICS VS. ATTRITION GAP

34.22% Black Grad Enrollment vs. 26.06% FNP Completion

WISCONSIN INFANT MORTALITY DISPARITY

Black 14.3 vs. White 4.4 per 1,000 Live Births (>3x Gap)

MATERNAL MORTALITY CRISIS

Black 69.9 vs. White 26.6 Deaths per 100k (Hoyert, 2023)

The Catalog Photograph Paradox: The institution features a Black woman graduate in regalia on its catalog cover to extract tuition, while administratively crushing Black scholars in practice.

Wisconsin Higher Education Deregulation: In 2017, Wisconsin eliminated the Educational Approval Board (EAB), dismantling state oversight of private colleges following Herzing's nonprofit conversion.

Henrietta Lacks Legacy: Exploiting Black bodies and labor for institutional accreditation while denying basic protections mirrors historical healthcare racism.

Theoretical Basis: Structural Racism in Health Inequity (Bailey et al., 2021); CDC NCHS Maternal Stats.

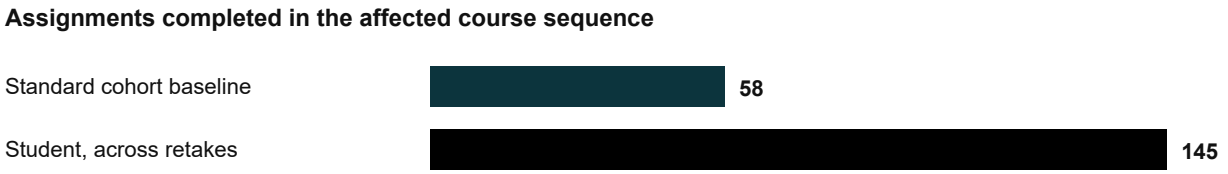

I. Forensic Investigation & Technical Breakdown

PILLAR 1 · DEEP DIVE

A rigorous forensic examination of the working docket demonstrates that the student was subjected to a continuous pattern of administrative bad faith, proctoring lockouts, and disparate academic overburdening. Approved double-time accommodations under Section 504 and Title III of the Americans with Disabilities Act were routinely stripped during high-stakes exams, creating false failure flags while formal Incomplete grade appeals remained unresolved.

CRITICAL FORENSIC FINDING: THE 250% DISPARATE WORKLOAD

Across three consecutive enrollments, the scholar completed **145 distinct graduate nursing assignments** compared to the standard cohort baseline of 58 assignments (145 / 58 = 2.50, a 250% disparate burden), billed at $790.00 per credit totaling $17,820.00.

Source: Wright (2026b); Exhibit D. 145 / 58 = 2.5, a 250% workload disparity.

Figure 1. Empirical Workload Disparity: 145 Assignments Completed vs. 58 Cohort Baseline.

Table 1. Forensic Audit Ledger: Primary Incident Registry

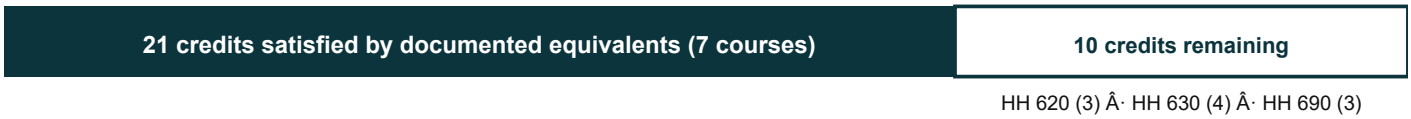

Incident / Forensic Metric	Documented Finding	Governing Policy / Law
Unanswered Formal Grievances	15 formal grievances submitted; exactly 0 written findings issued over 18 months	Herzing Student Handbook 10-Day Response Policy
Protected Health Information Breach	41 automated messages blasted to 35 unauthorized faculty/staff on May 2, 2025	FERPA (34 C.F.R. § 99.32); Common Law Privacy
Unlawful Administrative Dismissal	Summary dismissal executed September 9, 2026, while Incomplete grade appeal was active	University Incomplete Policy; Procedural Due Process
Withheld Credit Evaluation	Transfer credit evaluation completed September 14, 2026, but withheld from transmission	Institutional Transfer Transparency; HLC Standards

II. General Curricular Analysis & Degree Transfer Heuristic

PILLAR 2 · DEEP DIVE

The Master of Science in Health and Human Services (MS-HHS) represents the least harmful administrative corrective for eighteen months of unredressed institutional negligence. The scholar completed seven graduate-level courses, earning a 3.55 cumulative GPA and a 4.00 science GPA, completely satisfying 21 of the program's 31 semester credits.

Figure 2. MS-HHS Degree Completion Status: 21 Credits Satisfied, 10 Credits Remaining.

HEURISTIC CORRECTIVE: THE FOUR ACTIONABLE DEMANDS

1. Accept the seven documented course equivalencies (21 credits) toward the MS-HHS degree.
2. Release the completed transfer evaluation dated September 14, 2026, and process the transfer petition.
3. Confirm enrollment in HH 620 (Session B, Nov 2, 2026), HH 690 Capstone (Jan 2027), and HH 630 (Mar 2027).
4. Formally confer the Master of Science in Health and Human Services in May 2027.

III. Structural Racism, Institutional Exploitation & Health Crises

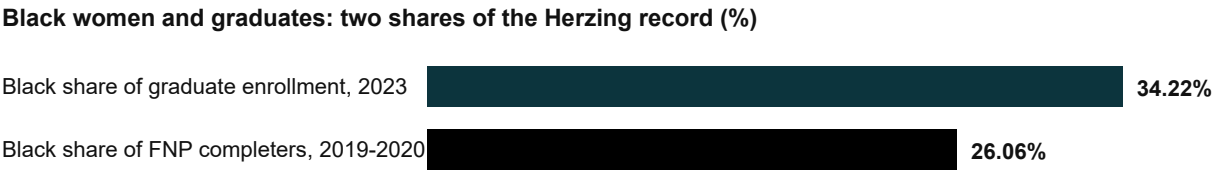

PILLAR 3 · DEEP DIVE

Standardized postsecondary systems operate on the assumption of an average body, an average day, and an unburdened scholar. When applied to Black scholars in healthcare education, this framework produces violent disparities that mirror clinical health outcomes. While Herzing University markets itself using photographs of Black women graduates, it systematically filters them out of advanced credentialing.

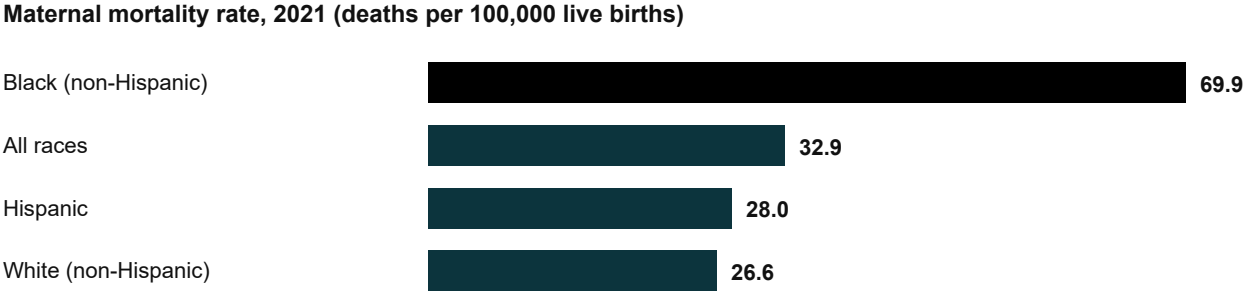

THE CATALOG PHOTOGRAPH PARADOX

Captured October 7, 2026, the Herzing Graduate Catalog landing page prominently displays a smiling Black woman graduate in academic regalia. Black students account for **34.22% of Herzing's graduate enrollment**, yet Black women face severe institutional gatekeeping and heightened attrition rates, functioning as financial extraction targets rather than supported scholars.

IV. Capstone Integration: Systemic Advocacy & Equity Framework (SAEF / DUE)

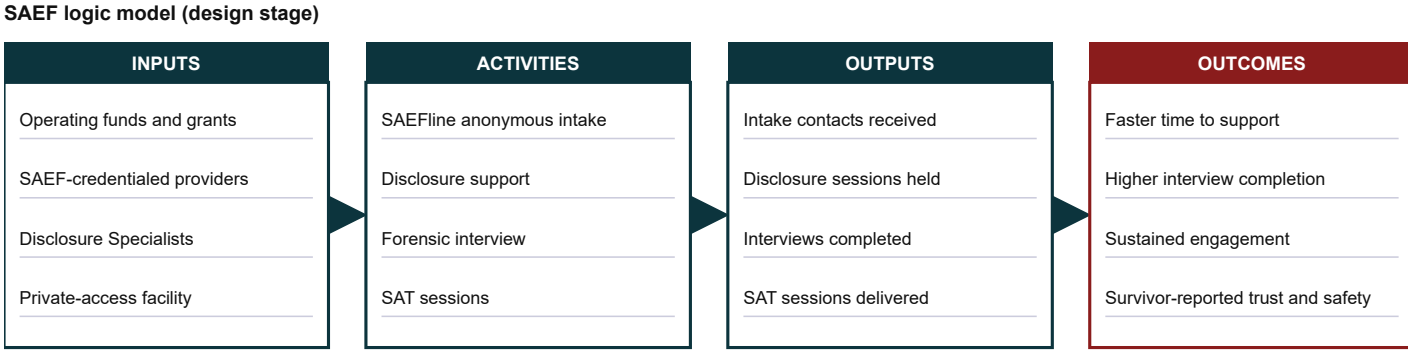

HH 690 CAPSTONE

Developed throughout the scholar's graduate tenure, the Systemic Advocacy and Equity Framework (SAEF / DUE: Documentation, Urgency, Equity) directly addresses the structural failures documented in this dossier: fragmented handoffs, secondary trauma, and institutional gaslighting. As the designated capstone for HH 690, SAEF provides an unassailable medicolegal pathway for survivors of systemic trauma.
