I. EXECUTIVE OVERVIEW: OCTOBER 2026 RETALIATORY ESCALATIONS

■ October 11 2026 Punitive Account Deactivation: Herzing University executed a complete shutdown of student network credentials, institutional email (chavwright@herzing.edu), and Canvas records. This retaliatory lockout occurred while academic grade reviews and program transfer petitions remained actively pending, intentionally obstructing evidence retrieval and ongoing communication.
■ October 9–10 2026 Coercive Debt and Exit Counseling Demands: Student Accounts and Financial Aid transmitted premature withdrawal calculations and Title IV loan exit counseling demands asserting enrollment had ended. Simultaneously, alumni support collection notices were triggered to initiate debt recovery on student loans, despite active appeals and eight months of unconfigured disability accommodations.
■ Suppression of Official Transfer Credit Evaluation: Online Nursing Student Services Director Angie Zamecnik confirmed in writing on September 14 2026 that the official transfer credit evaluation was completed, yet continues to withhold this educational record, blocking degree mobility and program transfer.
■ Prejudged Academic Reviews: Video conference records from September 18 2026 confirm Director Zamecnik stating that Vice President BriAnne Danielson prejudged the student's grade review prior to receiving or evaluating the submission, proving an absence of good faith across university leadership.
■ HRSA Grant Extraction Scrutiny: Public records requests have been initiated regarding Herzing University's $1,920,000 federal Health Resources and Services Administration (HRSA) BHWET award (Grant 5 M01HP41971-03-00), highlighting the disparity between grant-funded minority initiatives and the 250 percent disparate workload imposed on disabled students.
