1.1 September 18 Recorded Microsoft Teams Meeting Transcript and Auditor Notes (Director Angie Zamecnik)

Source Record: Zamecnik Notes and Zamecnik Video (September 18 | Duration 31 minutes 42 seconds | Participants Director of Academic Affairs Angie Zamecnik and Chavon Jenea Wright).

- Timestamp 04:12 to 08:45 (Accommodation and Extension Disconnect): Chavon Wright details that ADA Coordinator Emilie Thompson confirmed in writing on August 7 2025 that faculty extension notices in NSG 523 were flawed and that completed extension items should be graded for credit (Thompson Admission).
- Timestamp 14:20 to 19:50 (250% Workload and Triple Billing): Chavon Wright presents the Canvas (89317) and Elsevier Sherpath (7677174) completion logs showing 145 graded academic items completed across Summer 2025 NSG 523-7A (60 of 60 = 100%), Fall 2025 NSG 523-7F (49 of 58 = 84.5%), and Summer 2026 NSG 523-7 (36 of 58 = 62.1%), plus the unannounced drop from 79.0% to 73.35% between August 23 and August 26.
- Timestamp 27:15 to 27:41 (Party-Opponent Admission of Predetermined Appeal Denial): Director Angie Zamecnik states on the recorded call that prior to issuing the step-level grade appeal determination, she conferred directly with Associate Vice President Dr Danielle Laban and Vice President Dr BriAnne Danielson—the exact appellate decision-makers—to align on denying the appeal, collapsing the multi-tiered appeal safeguard advertised in the Herzing catalog.

1.2 July 24 2025 Public Zoom Final Exam Closed-Caption Transcript (FERPA and Section 504 Proctoring Breach)

Source Record: Zoom Transcript (July 24 2025 | NSG 524 / Public Zoom Proctoring Session | Faculty Leah Phillips and Dr Greg).

- Timestamp 20:54:04 to 21:03:07: Student requests private review of chat message regarding approved testing parameters during live Zoom proctoring session.

So you will get an extra 45 minutes."
- Statutory Significance: Direct contemporaneous proof of a public FERPA (20 U.S.C. § 1232g; 34 C.F.R. § 99.30) and Section 504 (29 U.S.C. § 794) confidentiality breach during a high-stakes examination, triggering acute autonomic distress and contributing to the 41 unauthorized medical accommodation disclosures documented across May 2025.
