Subject: Follow-Up: Meeting Transcript, Academic Record, Re-Entry

Dear Chavon,
As requested, attached is the transcript from your discussion with the Director of Student Services, Angie Zamecnik. I am copying Andrew Huenink, our Senior Registrar, who will provide you with a copy of your academic record that you requested and a FERPA release form if you want to add your advocate to future conversations as we need a FERPA release on file to be able to share information.

As a reminder, here is a summary of the previous emails the University sent regarding your final grades, program transfer request, and future class schedule:

• Dismissal: You were dismissed from your nursing program at the end of the Summer 2026 semester after earning two or more F grades in nursing courses (NSG 523 in Summer 2025, and NSG 523 and NU 730 in Summer 2026). An Incomplete ("I") grade was not issued for NSG 523, and even if it had been, the remaining two F grades would still have resulted in dismissal.

• Final grades: Your transcript is accurate. At your request, we also reviewed the grade activity for your Summer 2026 NSG 523 course. You are correct that you did not submit anything that caused your grade to drop at the end of the term. The final exam is worth 40% of the course grade and is entered into Canvas by faculty. Your final exam score of 67% was entered in Week 16, after the exam period closed at the end of Week 15. Once that score was included, your course grade correctly recalculated from 79% to 73%. You may transfer to the MS in Health and Human Services Leadership (MS-HHSL) program without appealing your dismissal. Your GPA in that program will include only courses that apply to it or are completed while enrolled in it.

• Class schedule: Your first course would be HH 510 Inquiry and Information Literacy in the Fall 2026 B-Term, followed by HH 500, MSW 510, and MSW 521 in Spring 2027. HH 690 Capstone must be taken in your final semester, and HH 620 and HH 630 are not offered in the upcoming B-Term.

• Re-entry: Your next available start dates are November 2, 2026, and January 11, 2027. To re-enter, please complete the application and work with a Re-Entry Advisor to get registered for your first courses. As classes begin next week, you will need to have the re-entry process completed by 10/30 to begin classes on November 2nd.

Please let me or Andrew know if you have any questions.

Sincerely,
Dr. BriAnne Danielson
Vice President, Student Affairs

Subject: Re: Follow-Up: Meeting Transcript, Academic Record, Re-Entry

Dear Dr. Franklin,

Thank you for reaching out regarding my CARES report. I've tried to reach you since March so I appreciate your willingness to connect.

To be candid about how Academic Operations can genuinely support this matter, I need an official who will look at the uncontested records rather than repeating inaccurate narratives. Dr. BriAnne Danielson recently wrote asserting that I failed and was dismissed, and directing me to re-apply through re-entry by October 30 to start on November 2. I'm not sure why they are adamant about dismissing me based on literally zero policy. Also, I am absolutely stunned to be asked to fill out a FERPA form when I have had at least six FERPA requests completely ignored.

That assertion is contradicted by the written record:

■ I did not fail. I completed 100% of required coursework and 145 digital curriculum modules—250% of the peer requirement—across repeated enrollments in NSG 523 solely because approved disability accommodations were systematically ignored and mishandled.

■ On August 7, 2025, ADA Coordinator Emilie Thompson admitted in writing that accommodation notices sent to faculty were flawed and that coursework submitted within extension windows should be graded for credit. Despite that admission, zeros were entered on completed coursework.

■ In NU 730, my instructor congratulated me on passing with an 81.27% Grade B. That passing score was subsequently replaced with a 0.0 without justification. Like six administrators have just completely ignored everything I've said about this.

■ On September 18, 2026, Student Services Director Angie Zamecnik admitted on a recorded video meeting (27:15 to 27:41) that she conferred with Associate Vice President Dr. Danielle Laban and Vice President Dr. Danielson to predetermine the denial of my appeal before it was evaluated. I had five other Ethicspoints prepared, but after that, and everything else that has happened, it is clear that no appeal or complaint of mine is going to be addressed fairly.

■ Exactly zero of my academic appeals, EthicsPoint grievances, or SAP submissions have received an evidentiary review or written explanation.

I followed every published university protocol. Being instructed to re-apply as if this were an academic deficiency—while the university actively caused these grading errors and withheld my September 14 transfer evaluation—is unacceptable. Herzing has engaged Bill Ojile from Denver, I suppose because Denver OCR is involved, yet everyone at Herzing just continues to ignore everything that I say.

The specific support required from Academic Operations is:
■ Direct audit of my grade history and Canvas server logs for NSG 523 and NU 730;
■ Vacatur of the wrongful termination;
■ Restoration of my earned passing grades; and
■ Immediate registration in remaining graduate healthcare leadership courses for November 2 without the pretext of re-applying.

I welcome a meeting to review these evidentiary records directly. I am available Thursday, October 29 and Friday, October 30.

Sincerely,
Chavon J. Wright
